

MY LIFE THAT I  
DON'T LOVE

ACCORDIAN ZINE / NU NU

This is about Kachin young people who are struggling under the circumstances of social issues. Living as a puppet and no opportunity to walk a path of true passion. This collaboration was created in early 2023. Since I have been working with youth in Kachin State (specific areas) they open up their passion and life were blocked by the situation of country. This collaboration is shown most of Kachin young people are lost and suffer. Living in lack of choice.
